Higher Education, Research & Ph.D

Author identified the important roll of node, Rahu in Higher Education,
especially when the native is inclined to carry do research in the area of
Nuclear, Atomic fields

India is one of the top-ranking countries in the field of basic research. Indian Science has come to be regarded as one of the most powerful instruments of growth and development, especially in the emerging scenario and competitive economy. In the wake of the recent developments and the new demands, Indian universities embark on research on Science, which has relevance to national needs and which will also be relevant for tomorrow's technology.

If one takes a look at the industrially advanced countries like the United states, Russia, Japan, South Korea, and the European Union nations sharing similar political systems such India all of them seem to have stable growth not just in terms of GDP alone, but in education as well as infrastructure. In India we have decent GDP growth in recent years due to manufacturing and

IT boom. But the education sector and infrastructure are the weakest links in the whole developmental process.

In this article I shall talk about higher education more specifically Ph.D

Important Houses and Karakas

4th the House is known as Vidya sthana or the house of learning. In normal parlance this house is the house of formal education like Gurukul. 4th house indicates one's regular attendance in a school or a college and studies.

5th house is known as house of knowledge or wisdom and also Intelligence. This house rules Gyana (knowledge) like spiritual education , Mantra Diksha, assimilation of the formal training and learning into our personal and spiritual life.

9th House is the house of Dharma. The lord of

ninth house of Natural Zodiac is Jupiter, who also represents the pavitra Agni or the sacred fire, which is able to burn down all sins and ignorance. Hence we can understand and appreciate the fact that, upholding dharma is a fiery principle and can only be done by the fiery Sun and the fiery nature of Jupiter. This is also the house of higher learning and Guru. We can see the relationship between the higher learning, upholding dharma and the Guru. They can be inter-related with each other to show that with higher learning, one becomes Guru, to guide the Shisyas (5th house) to uphold the dharma. This can also be interpreted as Guru dispels the ignorance of his Shisyas with true knowledge, represented by the 5th and 9th house and governed by Jupiter & Sun.

THUS THE 4TH IS THE HOUSE OF FORMAL LEARNING OR SCHOOLING WHERE THE CHILD LEARNS WAYS OF THE WORLD. THE 9TH IS THE HOUSE OF ADVANCED STUDIES, WHERE THE CHILD ATTAINS THE KNOWLEDGE OF THE TEACHER AND CAPABLE OF GUIDING OTHERS. IT IS WELL KNOWN THAT 9TH IS THE HOUSE OF HIGHER EDUCATION AND SHOWS GRADUATION IN ANY DISCIPLINE. NOTE THAT THE 9TH HOUSE IS SIX SIGNS AWAY FROM 4TH HOUSE INDICATING A MARKED CHANGE OR GROWTH (6TH IS AN UPACHAYAA OR HOUSE OF GROWTH) and also 6th HOUSE REPRESENTS HOUSE OF COMPETITION. THUS, BY COMPLETING FORMAL EDUCATION AND GOING TO COLLEGE OF HIGHER EDUCATION THE

NATIVE HAS GROWN.

Influence of Planets on the subjects of Education

Jupiter is the foremost of among giver of the knowledge of Apara Vidya. He is the Devaguru and hence the bestower of the supreme and divine knowledge of Vedas. Jupiter governs the disciplines of high level research and strategy, which requires high level thinking. Hence he signifies those disciplines, which lead to consultants, advisors, counselors, Scientist and philosopher.

Moon is the karaka for mind and hence indicates disciplines such as high level and in depth research, Psycho analysis, or any other studies related to mind. It is a watery planet and hence shows knowledge connected to chemicals and fluids. Moon also signifies bureaucracy and social service.

Sun is the source of knowledge and hence he can confer the highest knowledge. He being the Raja yoga karaka, it confers the knowledge of Political Science, profession and Career related to Science in Govt. Related Departments..

Mars is a fiery planet and by nature is a kshatriya. The ability governed by Mars is that of logical and analytical reasoning. It shows the ability to break down a complex problem into smaller parts and then finding the solution based on that. This is why it rules the disciplines such as Engineering, Physics or any technical disciplines, which requires logical and analytical reasoning.

Venus is the guru of the Asura and very

knowledgeable. Venus signifies chemistry in the field of Sciences and all chemicals used for beauty & ornamental purpose. Venus rules all forms of art as this can be used for attracting others. Venus rules the real world strategies and hence signifies big Private & Public Corporates including Governmental Research Institutions involved in Scientific Research and universities.

Mercury is the planet of intelligence governs communication, negotiations, trade and commerce. It represents in depth thinking and research in any field such as electronic, telecommunications. As book is one of the medium of communication he governs disciplines such as Library Science, book writing, authorship, knowledge of literature, publications and teaching.

Ketu governs machines such as watches and computers, mathematicians, statisticians, astrologers. It also signifies intuition and deep thinking abilities. Rahu, the planet of intellect shows research studies and mathematics. Rahu signifies big machines, bombs such as atomic and nuclear bombs. It also signifies foreign land and goods.

KP Rules for Higher Education

If the cuspal sublord of the 9th house is connected with 4th (house formal education), 6th (house of competition and also the house of growth, 9th is 6th from 4th) and 11th (house of fulfillment of desire) the native will have successful in higher education in any field and successful completion would take place during the conjoined periods of

planets signifying 4,9,6 and 11.

This apart 3rd house indicates specialization or special subject when connected with 4, 9, and 11 and Asc. Sub lord connected to these relevant house confers higher studies.

In the light of the above principles, now we shall study the natal horoscopes of Scientists who have done Ph.D in Nuclear Physics, chemistry and employed in a Research organization related to Atomic energy.

Chart No.1 JA, 26-08-1952, 10.20 am, Long 78 E12 Lat 11 N 35

This native has completed his Ph.D in Chemistry and heading a Govt. Research organization.

Venus the karaka for chemistry, being the Asc. lord posited in 11th house Leo in the star of Venus conjoined with Sun the sign lord, well aspected by Jupiter the lord of 3 & 6 placed in 7th house of fiery maritan house of Aries, in the star of Sun and moon the karaka for research posited in Asc. Well aspected Jupiter confers this native with academic excellence, Research in the field of Chemistry and high position in a Govt. Research organization.

9th CSL Jupiter lord of 3 & 6 placed in 7th

Jupiter posited in the star of sun lord of 11 & placed in 11th (with in orbit). Jupiter is in the sub of Moon, lord of 10th, posited in the Asc and Moon being the top significator of 4th house aspected by Jupiter. Hence the connection 9th CSL with 3,4,6,11 is well established

Rahu the occupant of 4th the house of education, is also the cuspal star lord of 9th (the house of

higher education). Jupiter the CSL of 9th is in the sub of Rahu and Rahu is in the sub sub of Jupiter clearly indicates this native subject of Research in the field of Nuclear chemistry because of Rahu connection.

Chart. No.2 MVS, 28-05-1966, 01.31 am, Long 77 E 37 Lat 17 N 41

This native has completed his Ph.D in Chemistry and working as a senior Scientist holding a prestigious project in a Govt. Research organization. Venus the karaka for Chemistry is posited in Aries, a movable & fiery sign unaspecting by any planets and whose sign lord Mars posited in the sign of Venus, along with Sun (Govt) Rahu(Nuclear) and Mercury (Intelligence & Research). Moon the karaka for research posited in the fiery Leo in the star of Venus and sub of Rahu confirms his Ph.D in Nuclear chemistry and his placement in Govt. Research organization.

9th CSL Saturn lord of 1 & 12 posited in the 1st house. Saturn is in the star and sub of Saturn only and no planet is in the star of Saturn and hence Saturn strongly signifies 1 & 12.

Saturn aspects Mars lord of 2 & 9

Saturn aspects Sun lord of 7

Saturn aspects Mercury lord of 4 & 5

Saturn aspects Rahu, who is in the star of Sun

Saturn sign lord Jupiter lord of 10 & 11 occupant of 4th placed in the star of Rahu and sub of Saturn. Hence the 9th CSL Saturn is well connected to 2,3,4,5,10,11.

In this chart also Rahu (Nuclear) is placed in

venesian house(Chemistry) in the star of Sun(Govt) in the sub of Jupiter occupant of 4th (education) aspected by Saturn the CSL of 9th (higher education) clearly establishes this subject of research in the field of Nuclear chemistry.

Chart No.3 JVR, 09-10-1964, 4.30am, Long 78 E 27, Lat 17 N 27

This native has completed his Ph.D in Physics and working as a senior scientist in Govt. Research organization. Mars the karaka for physics is the lord 4 (Formal education) and 9 (higher education) is posited in 11th house in the star of Mercury (intelligence & Research) lord of 2 & 11 posited in Asc. Moon the karaka for Research is placed 3rd in the house of Mars in the star of Jupiter lord of 5 & 8 posited in 9th (higher education) aspecting 4th confers this native with Ph.D in Physics.

9th CSL Moon is also CSL of Asc, lord of 12th posited in 3rd house

Moon in the star of Jupiter lord of 5 & 8 placed in 9th, Moon in the sub of Mars lord of 4 & 9 placed in 11th, Hence 9th CSL is well connected 4,5,9,&11. But interestingly 8 & 12 is also connected. This native might have faced some difficulty with his guide Rahu Posited in 10th house in the star of Mars (Physics) lord of 4 & 9 posited in 11th.

Rahu signifying Atomic, Nuclear is well connected all relevant of house of higher education in the three charts.
